RND4IMPACT INC

Checklist/Routine

1. Send Check-in/out emails: format “Check in for MM/DD/YYYY”

ChiaKai Pan 10:50 AM
Check in for 11/18/2021
To: Aung Khant Nyar

Hi Aung,

Today I’m going to continue the Next Steps with React Section. The lecture I’m going to start is Step 09 – Defining Multiple Counter Buttons and Adding Components props. Thank you.

Best Regards,
Pan,ChiaKai

Check out for 11/17/2021
To: Aung Khant Nyar

Hi Aung,

Today I’ve completed 2 sections and 8 lectures of other section of the new course. The sections I’ve finished are Introduction, Getting Start with React-Basics with Components. The section currently working on is Next Steps with React – Building Counter Application. Thank you.

Best Regards,
Pan,ChiaKai

2. Fill out the timesheet (summary of each day):
    a. Color-code every week

Date	Time	Volunteer Hours	Agenda for the day	What has been completed	What needs to be carried on to the next day
11/23	3:00 PM	4:38	To do some research about what kind of application I want to build	Spent some time thinking about what can be done for the project	Coming up with other possible ideas
				Browsed devpost.com for some ideas	Thinking of different tools, technologies, APIs that would be needed for implementation
				Looked at a few web designs on dribbble.com	
				Came up with an idea to build a movie ratings web app which addresses various problems with IMDb's ratings interface	
				Design reference: http://dribbble.com/shots/12238145-Movie-Web/attachments/3852271?mode=media	
11/24	5:55 PM	4:17	To think of other possible ideas for the project	Looked at Plaid's Banking API for a while but dropped the idea later	Finalizing what project to work on
			To identify different tools that would be needed for implementation	Thought of possibly creating a Job Search Platform using Glassdoor's and LinkedIn's APIs to tackle some of the issues faced in each:	Setting up a plan/layout for how to go about building it in the coming weeks
				http://glassdoor.com/developer/index.htm	
				http://linkedin.com/developers/	
				Design reference: http://dribbble.com/shots/14145979-Job-Search-Platform/attachments/5770876?mode=media	
				Considered a Travel Guide/Points of Interest app idea but not too sure about it yet	
				Also, identified the OMDb API: http://omdbapi.com/ as a reliable source for the first project idea	
11/25	6:00 PM	4:18	To finalize a project to work on	Dropped the Travel Guide/Points of Interest app idea after taking a closer look at it	Set up a new React app and push to GitHub
			To draft a plan for how to go about building it in the coming weeks	Decided to work on the Movie Ratings web app	Create a side navigation panel that can display the user's name and their avatar, a search bar, and other links
				Drafted a rough plan for the app's high-level features	
				Listed the project milestones	

3. Use the time tracker web app, and write a few sentences:
https://time-tracker-rnd4impact.herokuapp.com/

shosamane.volunteer@rnd4impact.com stopped the timer at March 18, 2021 1:51 AM.

shosamane.volunteer@rnd4impact.com changed his current task to **Fixing an issue where the hover title for the timestamp displays "Added on" for both rated cards and those in the watchlist** at March 18, 2021 1:23 AM.

shosamane.volunteer@rnd4impact.com started the timer on March 17, 2021 10:42 PM.
Task: **Handling an issue where users can rate movies that have not released yet**

shosamane.volunteer@rnd4impact.com stopped the timer at March 17, 2021 4:25 AM.

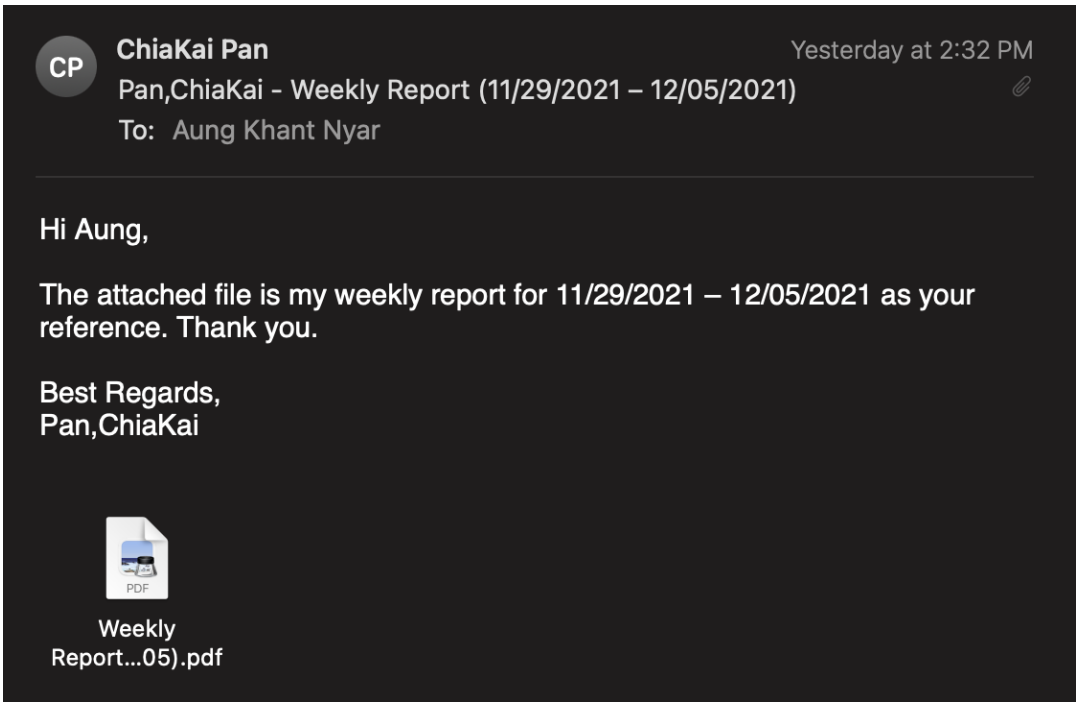
shosamane.volunteer@rnd4impact.com changed his current task to **Handling cases where the movie page's "NoData" component remains hidden when it should not** at March 17, 2021 2:00 AM.

shosamane.volunteer@rnd4impact.com started the timer on March 16, 2021 11:28 PM.
Task: **Fixing an issue where the layout can get affected in mobile view if the "auto-rotate" option is selected**

shosamane.volunteer@rnd4impact.com stopped the timer at March 15, 2021 10:48 PM.

shosamane.volunteer@rnd4impact.com started the timer on March 15, 2021 8:02 PM.
Task: **Preparing the final list of tasks to work on for next week**

4. Weekly Report (summary of the last 21 hours, treat it like a journal):
    a. Naming convention: “Weekly Report # (MM/DD/YYYY - MM/DD/YYYY)”
    b. What I have done for the week
    c. Challenges and lessons learned
    d. What I’ll be doing the following week (briefly)



5. Bi-weekly Zoom meetings (Aung will send me an email to schedule the appointment)
